[] - Transmittal of Information pertaining
to Peter of Operation Venus []

VENUS

Ref: ORMA 8092, 28 May 1957 and previous correspondence.

Action Required: Please see para 4 below.

1. [] reported recently that he had been host to his cousin from Belgium (Peter of Operation Venus per BRUS 031) from 2 through 6 December 1957. [] cousin and wife had come to Munich from their Amay/Belgium home to attend the annual MIRE conference. Below, for your information and such follow-up action as you deem proper, is the fragmentary information pertaining to Peter which [] was able to obtain.

2. Peter told [] that an AVH approach had been made to Peter earlier this year through a Hungarian refugee student, N/U. Peter rejected this approach. According to Peter, the student, N/U, had meanwhile gone to the U. S.

3. Unfortunately, [] could not obtain additional facts, as Peter refused to say more. [] does not know whether Peter has passed on this information to [] [] noted a feeling of dissatisfaction with [] [] on the part of Peter based on the latter's complaint that [] [] was not very active in following up leads and in countering hostile IS activities in general. The above bit of information is somewhat puzzling in the light of our earlier understanding that Peter was involved in HIWAY d/a operation(s) for [] [].

4. Since Peter knows that [] is in contact with AIS (cf. para 1, EGMA-24330, 6 December 1956) there is no objection from ME to make use of the above bit of information to try to establish the true facts in this case and to identify the student approach to Peter if any via [] [] or any way you deem proper.
